

## TOURIST INFORMATION

We will be happy to help you enjoy a stress-free stay. Our Tourist Information is situated right next to the Travepromenade, making it an ideal starting point for your voyage of discovery through Lübeck's most beautiful daughter. Of course you can also linger for a while, pick up a tasteful souvenir from our range of maritime products for your loved ones at home or refresh yourself from our free drinking water source.

## PRIWALL FERRIES

The passenger ferry at Nordermole and the Priwall ferry at Vorderreihe take you on a short mini-cruise to the Priwall peninsula. Both ferries also offer barrier-free access for persons with restricted mobility. You can find the exact timetable as well as special times online.

## BOAT RIDES

Experience Travemünde, the harbour and the unspoilt nature from the water during a one-hour round trip. The comfortable panoramic boat also takes you to Lübeck on a roughly 90-minute trip and leads through the wonderful river landscape of the Trave. Some Haneschiff-fahrt ships are accessible without any steps and some with steps. You can find further information and timetables online.

## ABSENCE OF BARRIERS

You can find information on a barrier-free visit here.

FURTHER INFORMATION ON THE CIRCULAR PROMENADE

## CIRCULAR PROMENADE IN TRAVEMÜNDE

In Travemünde, you can experience relaxed beach life at the same time as historical seaside resort tradition. The beautiful beach villas forming part of the typical seaside resort architecture, the diverse promenades and Travemünde's Old Town bear witness to this day to this seaside resort's history. On our tour, you can experience the seaside resort at your very own pace. Simply follow the orange line on the map. The circular promenade will take you around 1 to 1.5 hours without counting any time you spend viewing interiors. For an even greater experience of nature, you can simply extend your walk along the beach promenade until you reach the steep coast of Brodten, making a total of 3 to 3.5 hours.

### 1 Nordermole

The Nordermole jetty, north of Travemünde's wide harbour entrance, will enable you to feel the Baltic Sea up close: the wind, the gulls and the ships arriving and departing – all within touching distance. Here you can be at one with yourself, enjoy the view as far as the horizon and watch the big ships.

### 2 Priwall Ferries

Fancy a mini-cruise? In that case, welcome on board the Priwall ferries. They will take you from the mainland to the Priwall peninsula. When you're standing on deck with the salty airflow in your hair, looking over at Travemünde's emblem, the Passat, by then at the latest, you will have arrived in your seaside resort holiday.

### 3 Priwall

Nature and modern seaside resort life lie cheek by jowl on Travemünde's peninsula. Relax on the wide natural beach and discover the new Beach Bay site with all kinds of leisure activities, tasty culinary delights and the indoor market.

### 4 Passat

The four-masted barque Passat is Travemünde's storm-tested emblem. Since its launch, this "Flying P Liner" has experienced countless adventures on the world's oceans, and now it has docked at Priwall harbour and can be viewed. You can discover the thrilling age of the wind-jammers in the newly designed exhibition rooms with numerous interactive stations.  
**Passathafen**  
[luebeck.de/passat](http://luebeck.de/passat)

### 5 Ostseestation

In the Ostseestation on Priwall, you can find out all about the indigenous creatures of the sea and the fascinating underwater world of the Baltic Sea. It's best to explore the Baltic Sea aquarium and maritime museum on a roughly one-hour interactive guided tour – you're allowed not just to look but also to touch.  
**Priwallpromenade 29–31**  
[ostseestation-travemuende.de](http://ostseestation-travemuende.de)

### 6 Nature workshop Priwall

Priwall is one of the oldest bird sanctuaries on the German Baltic Sea coast. Visit the nature workshop and experience nature conservation on the ground. Guided nature adventure tours in the nature conservation area and in Priwall's dunes as well as boat excursions to the tern island in Pötenitzer Wiek offer thrilling insights into work at the nature workshop.  
**Fliegerweg 5–7**  
[naturwerkstatt-priwall.de](http://naturwerkstatt-priwall.de)

### 7 Fishermen's harbour

Maritime flair awaits you in the Fishermen's harbour. Here you can walk directly along the quayside, past the tied-up fishing boats, watch the big ships arriving and departing and of course enjoy the freshest fish rolls: Because Fischbrötchenstraße (Fish Roll Street) starts on its way along Lübeck Bay at Travemünde's Fishermen's harbour. The harbour area is currently receiving a true makeover with a new promenade, modern indoor fish market, new cafés, restaurants and holiday apartments: an ensemble that contrasts wonderfully with its pristine charm.

### 8 Seaside resort museum

Once upon a time... Would you like to know how Travemünde turned from a small fishing village into a summer Baltic seaside resort? Using films, photos, audio stations and exhibits, the museum traces this breathtaking transformation and also explores the inner-German border that ran along the Priwall peninsula.  
**Torstraße 1, Gesellschaftshaus heimatverein-travemuende.de**

### 9 St. Lorenz church

Nostalgia for the Middle Ages around St. Lorenz church! It was and is the centrepiece of Travemünde's town centre. Fishermen and artisans were quick to settle around the church in the early days and even today, you can find quaint, lovingly restored half-timbered houses and old gabled brick façades on Alter Markt.  
**Jahrmarktstraße 14**  
[kirche-travemuende.de](http://kirche-travemuende.de)

### 10 Alte Vogtei

This was once the home of Lübeck's magistrate, harbour master and keeper of Travemünde's beacon light. The historical brick gabled house in the Renaissance style now houses an art gallery and wine bar in addition to a restaurant, café and tea speciality store.  
**Vorderreihe 7**

### 11 "Vorderreihe" embankment

Shopping with a view of the sea – Travemünde's boulevard and shopping mile of Vorderreihe lines the bank of the Trave estuary with small cafés, boutiques and restaurants. Here you will find the perfect combination of maritime holiday feeling and shopping fun in the open air, with the ships out in the Baltic Sea always in view.

### 12 Trave promenade

It's the perfect box seat for ship spotters in Travemünde: the newly designed Travepromenade. From the terrace seats, you have the best view of the legendary four-masted barque Passat and the lively comings and goings of ships on the Trave.

### 13 Old lighthouse

This is a further highlight of the seaside resort as Travemünde's lighthouse is Germany's oldest lighthouse. The lighthouse is no longer in operation today but it's a popular destination for an excursion as a technical cultural monument and maritime museum. You can stroll through the history of lighthouse technology over eight floors.  
**Am Leuchtenfeld 1**  
[leuchtturm-travemuende.de](http://leuchtturm-travemuende.de)

### 14 Beach promenade

The wide, expansive beach promenade along the Kurstrand spa beach is Travemünde's relaxed spot for a stroll with an unobstructed view of the Baltic Sea. From here, children can board the pirates playground on the Strandterrassen, the pier tempts visitors with its direct Baltic Sea feeling of relaxation and pure beach bar delight awaits you in the beach lounge. Here you can enjoy your cocktail with your feet in the sand.

### 15 Steep coast of Brodten

You can enjoy the finest panoramic view over Lübeck Bay along the roughly four kilometre cliffs, the steep coast of Brodten, between Travemünde and Niendorf. Simply extend the circular promenade and relax in the surroundings of the pristine, North German coastal countryside.

**Photo spots** Are you looking for a great photographic motif? Our photo spots will reveal the best locations for a very special photo. You can find details of the locations and sample photos online.
